

September 1, 2011

Dear Material Manager,

Greetings from the Greater San Antonio Association of Healthcare Resource and Material Managers (GSAHRMM).

Who are we?

Founded in June 2007, our objective is to further the profession of Healthcare Resources & Materials Management in the Greater San Antonio, Texas area. This is accomplished through educational events and close cooperation between medical supply/purchasing professionals and our vendor partners. Our goal is to increase efficiencies and knowledge of supply chain management.

National Healthcare Resource & Materials Management Week

October 2-8 is National Healthcare Resource & Materials Management Week! GSAHRMM board members would like to visit your facility to recognize your talented team and spotlight any of your shining stars that are making a difference to our profession and patient care. We feel that your associates and team members are the most valuable resource we have in the healthcare industry and want to share in their inspiring stories and accomplishments.

If you would like us to recognize someone, please send a short paragraph to Mrs. Michelle Wood at the below email address. The paragraph should address the individual's accomplishments and/or their impact to your team. To schedule a site visit please contact the following:

Michelle Wood
210-259-5661
michelle.wood@christushealth.org

Interested in becoming a member? Please visit our website for more information on upcoming educational events and webinars: <http://www.gsahrmm.org/index.html>

I look forward to meeting you soon.

Sincerely,

Linda Scott
